Meeting  
9:00 – 11:00 a.m.

The Academy for Individual  
Excellence  
3101 Bluebird Lane  
Louisville, KY 40299

## Thank You!

Thank you! Thank you! Thank you! for your great support this month. It has been a busy month and so many have shown once again your continued support of our school.

- The Red Cross Blood Drive had a good turnout with 20 units collected.
- The Fall Festival was a great day with lots of good friends, food and fun. In addition, almost \$2000 was raised for the school.
- We reached our Market Day sales goal for the month of October, and we will receive a freezer.
- We have collected enough Campbells' soup labels to purchase software for the sponge rooms and to receive \$200 to purchase additional supplies for the school.

Thank you for the many ways that each of you support our school. It all helps AIE to be its best.

## All the World is a stage...

The Academy will be hosting Shakespeare Alive on Wednesday,

October 25<sup>th</sup> for our high school students. The actors will be presenting a program called "Boy Meets Girl" which explores the famous Shakespeare romances.

A special round of applause to our seniors for their production of *Bye Bye Birdie*. All their hard work and commitment came together for a great show.

## Layers, Layers

It seems Fall weather is finally upon us. With all the good things that fall brings, it also brings a wide deviation in temperatures throughout the day with cool mornings and warm afternoons.

When there are major temperature changes in a building as large as ours, it is impossible to maintain a temperature that is satisfactory to all. However, to help your child to stay comfortable throughout the day, we recommend dressing in layers. Layers will allow your child to be warm in the early morning when the rooms may be a little chilly, and not overdressed for the warmer afternoons.

In addition, we will continue to monitor the weather and make every effort to keep the building as comfortable as possible. Feel free to contact your child's teacher regarding their classroom and its climate.

*The important thing is this: To be able at any moment to sacrifice what we are for what we could become.* **CHARLES DUBOIS**
