Welcome Back!

Welcome back for another school year at AIE. The start back to school has gone very well, and we are looking forward to a successful school year. As we settle into our routine, please remember that if there are any questions or concerns to please address them with either your child's teacher or John Savage as quickly as possible.

Carpool

Thank you to all the parents and students who help the drop off and pick up times to be a success. As expected, things were a little slow during the afternoon pickup as the children learned the routine, but it seems that everybody has gotten the hang of things, and pick up is going smoothly.

Please remember to keep the safety of all our children in the forefront as you come onto the school property each day. One of our parents noted that it seemed to him that very often, the parents are so intent on their child getting into the building safely that they put other children in danger by not keeping their eyes on the road and being aware of their surroundings.

Health

As the school year begins, an increase in the number of health issues among children can also begin. The close proximity that the children work with each other in a school environment sets the stage for the transmission of some common ailments.

This year has been no exception. Please encourage your child to wash their hands regularly, keep their hands away from their mouth and eyes and not share drinks/food etc.

In the event that your child does become sick, please follow our policy on illness. Namely, a student may not return to the school for 24 hours after a fever, vomiting, or diarrhea. Because this policy must be enforced to insure proper health standards, please plan ahead now for other arrangements for your child's care when they must be home due to illness.

Newspapers

If you have newspaper that you would like to recycle, our art room is collecting newspaper for upcoming art projects. All newspaper donations can be brought to the school office.

Go Cougars!

Our Cougars are off and running in a variety of events happening throughout the school. Seniors are preparing for the senior play in October; the high school soccer team is well into their season as is the high school volleyball team; the golf and bowling leagues are getting ready to kick off their seasons in the next couple of weeks, and the running club for grades 3-8 has already had a couple weeks of practice. Band and individual instrument lessons will be beginning soon, as well as archery. The school is busy with the sound and activity of children working to achieve their individual best.
